Where is our restorative focus?

Il modello: Co.Re. (Community of Restorative Relationships)

(Patrizi, Lepri, 2014; 2015; Patrizi, Lepri, Lodi, Dighera, 2016)

SOCIAL CAPITAL, RELATION BONDS, TRUST

Community vs weakness of actual social bonds (Putnam)

Cooperative work vs opportunistic attitude (Putnam)

From passive compliance to prosocial action (Zimbardo)

Promote wellbeing as a result of improved social trust, social support, reciprocity, civic engagement and ties (Sen, Seligman)

Capability from equality to equity (Sen)

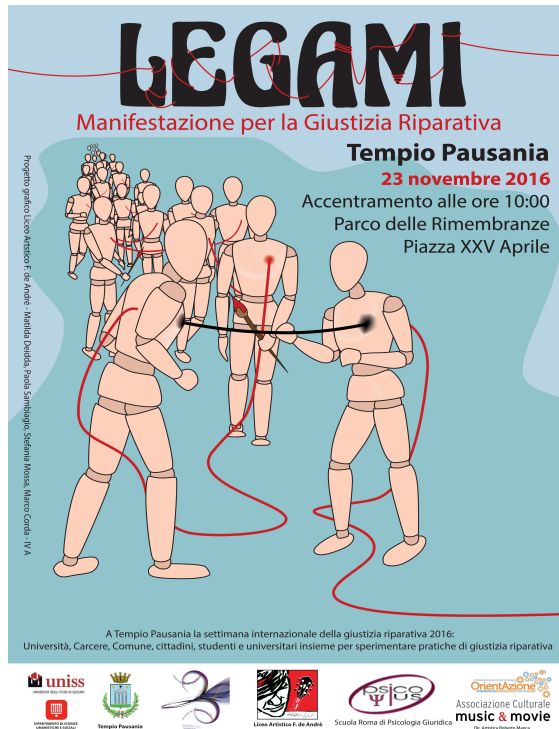

Responsibility and accountability as an ecological approach (De Leo, Patrizi)

A new social welfare with more Horizontal actions –
working with and not to or for

Aims of our restorative focus

- Support community to develop restorative environments
- Detect, disseminate and promote restorative practices and VOM
- Connect people, agency, institutions in a new responsible and restorative way – connecting capital
